

HUMAN FLAG IN RED CROSS PARADE

CO. COMRS. BIG MEETING

TO MAKE ROOM FOR MORE MEN

Every Existing Cantonment in Country Will Be Enlarged and More May Be Built.

GREAT WAR PROGRAM

Secretary Baker Explains Military Plans to House Committee—Nationwide Call is Issued For More Men to Join Colors.

Washington, May 4.—The tremendous scope of the military program upon which the United States is now embarking was revealed for the first time by Secretary of War Baker.

The house military committee was told that every existing cantonment in the country will be enlarged and every national guard camp now being rapidly emptied or already empty will be used to full capacity.

It is regarded as probable that some new cantonments will be built. Ground has already been obtained for expansion of the cantonments.

Fifteen billion dollars was asked of Congress by Mr. Baker to carry out the program for the next fiscal year. May Call First of Million Men.

Simultaneously with Secretary Baker's appearance before the committee, was the announcement that 239,949 will be called to the colors in May. This is the first increment of the additional million troops which Secretary Baker said would be summoned at once, bringing the size of the American army to almost 3,000,000 men.

By its summons the War department abandons its plan for assembling men in even monthly increments of approximately 100,000.

Under the original program it was intended to call out not to exceed 860,000 additional men during 1918. The call for 150,000 in April and 239,949 this month will bring out in two months half of the number originally contemplated for the year. Officials made it clear it is now the purpose to mobilize all the men for whom equipment and training facilities can be provided.

Enough Men for Victory. "Let us avoid specific figures," Secretary Baker again said. "They imply limits. There is no limit. We will call out enough men to make victory certain. We will call them as rapidly as they can be trained and sent forward."

The May draft allotments were made on the population basis heretofore used, but subsequent distribution of quotas will be much altered when the number of men furnished by any state is computed from the number of available it has in Class I.

The men called out this month will be mobilized, with the exception of the Minnesotans and a few other states' quotas, generally at the cantonments to which men from the same states have previously been sent. In many cases they will find the division's originally created at those camps gone.

Some of the camps will have been converted into replacement divisions and the new men will be redistributed in accordance with their qualifications after being inspected, rendered as immune as possible from disease and furnished with the initial equipment.

Investigate Expense

(By United Press) Washington, May 4.—Senator Gallinger, republican of New Hampshire, demanded an investigation of the use made of all war appropriations. The resolution introduced gives the committee on expenditures full power to summon witnesses and compel the production of records.

Decorated as Chevalier

(By United Press) Paris, May 4.—Henry Wood, staff correspondent of the United Press with the French armies has been decorated as Chevalier of the Legion of Honor in recognition of his worth as a correspondent during the twenty months.

BARON GOTO

New Japanese Foreign Minister Reiterates Loyalty of Nation.

The change in the foreign ministry implies no alteration of Japan's policy in the war, said Baron Goto. The baron has actively taken over the work of the foreign office, to which he has been appointed. "In this day," said the baron, "there should be no need of a declaration by the secretary of foreign affairs of one of the nations allied in the common cause for which we have taken up arms and for which we are pledged to stand together until victory and peace have been secured. I repeat there is no change, nor will there be any change, in the policy of this government because of the changes in the cabinet. We will maintain peace in the Far East and we will help our neighbors and friends to the limit of our capacity."

Interned Germans Attempt to Escape at Fort McPherson

(By United Press) Atlanta, Ga., May 4.—An attempt at wholesale delivery of the interned Germans at Ft. McPherson was foiled yesterday. Guards discovered a 50 foot tunnel from the barracks toward the barbed wire fence enclosing the camp.

Opened Intense Bombardment Early This Morning

(By United Press) London, May 4.—Gen. Haig reports that the enemy opened an intense bombardment early this morning from the neighborhood of Lore to the southwest of Ypres, also showing great activity from the Nieuport forest to Meteren sector.

German-Holland Affair Settled

(By United Press) The Hague, May 4.—A German news agency declares that the German-Holland affair has been entirely and satisfactorily settled.

Siberian Question Far from Settled

(By United Press) Washington, May 4.—Ambassador Ishii told the United Press that the Siberian question was far from settled. Japanese action, however, will be only with the approval of the allies.

On Tuesday, May 7, Crow Wing county commissioners will hold a memorable meeting, being the occasion of letting the 22 mile Gull Lake road project, an undertaking costing approximately \$80,000.

For the past two weeks road contractors of Palsade, Aukin, Duluth and other points have gone over the proposed road and examined topography, etc., so as to better familiarize themselves on entering bids.

The federal government has appropriated \$30,000 to the project and the state and county will also bear their share. It will be so built that the military arm of the nation can use it with advantage.

Alertly Waiting Next Mighty Blow From the Enemy

By WILLIAM PHILIP SIMMS, (Staff Correspondent, United Press)

With the British in Flanders, May 4.—The allies are alertly awaiting Gen. Von Hindenburg's next mighty blow. The first and second drives failed, as the 1914 drive to Paris failed. The situation is better than seemed possible when the offensive began. The badly mauled Hindenburg forces are forced to rest for several weeks when time is a precious element in the big war game.

The French stand on the Flemish hills was magnificent, the Germans failed to gain an inch there, their larger shells falling ten every second and not counting the smaller ones. One battery was forced to wear gas masks practically all the time.

Wilson Rules Four Americans Need Not Die

(By United Press) Washington, May 4.—President Wilson has ruled that the four American soldiers abroad who were sentenced to death for sleeping at their posts need not die.

America's First Heroes of War Come Home and the Soldier Who Fired First Shot in the War Against Germany

Fifty men who entered the trenches Oct. 22, 1917, to fight the Germans have come back to the United States, and among them were six men who did so well that they were decorated with the French War Cross. They are here shown wearing the cross. They are back row, left to right: Sergeant R. H. Guyette, Sergeant Joseph Pethush, Corporal M. H. Plant, Front row, left to right: Corporal H. Whit-

PROCLAMATION

Whereas the State Public Safety Commission have ordered the destruction of all common barberry in the State of Minnesota, and whereas it has been proven beyond doubt that the above named barberry harbours the spores which develop black rust on wheat, and whereas the production of wheat is essential to the winning of the present war

Therefore, I, R. R. Wise, director of the Public Safety Commission for Crow Wing county, do hereby order the immediate destruction of all common barberry in Crow Wing county. I call on all citizens, and city and county authorities in particular, to carry out the enforcement of this order forthwith.

Those not familiar with the shrub are requested to call on County Agent E. A. Colquhoun, office in City Hall, Brainerd, Minn., who is familiar with the plant, and who has placed a specimen of it in front of the Brainerd Dispatch Office, and on the corner at the Citizen's State Bank Building.

Dated, Brainerd Minnesota, This 3rd day of May, 1918.

Signed, R. R. WISE, Director, Crow Wing County Public Safety Commission.

American Infantry Penetrate Third Line of Trenches

By HENRY WOOD, (United Press Staff Correspondent)

With the French Afield, May 4.—The American infantry penetrated the German third line trenches in the region of Dog's Wood, Lorraine sector, 300 American infantry being in this attack and conducted the first offensive with exclusive artillery support after intensive preparation. The American gunners displayed excellent judgment following French artillery methods.

TURNED TURTLE

A big Hudson turned turtle on the Little Falls road last night about four miles north of that town as Ed Daveau, George Pichler and three other young men were driving south.

The four passengers were pitched out clear of the car and the driver, Daveau, crawled out from under. All were bruised up, but nobody was seriously hurt. A rear wheel had gathered a puncture in the sand. They had noticed, before starting, that a couple of spokes of the same wheel were slivered.

Driving at fair speed through the sand the tire popped, the wheel broke and the car gave a vicious turn and spilled them all out. A hole big enough to bury a cow in was dug in the ditch by the impact.

Heavy Bombardment Indicates Drives Hazebrouck-Ypres

(By United Press)

The enemy's beginning of heavy bombardment against two sectors apparently forecasts simultaneous drives against Hazebrouck and Ypres which if it develops will be a frontal attack westward against Hazebrouck and a flanking thrust northward to encircle Ypres. The severe bombardment before Hazebrouck is on the seven mile front, the city being four miles west of this line. Most of the terrain is extremely low.

GEN. VON FALKENHAYN

Turco-German Commander Who Failed at Verdun, Removed.

It is learned that General von Falkenhayn was relieved of his post as commander-in-chief of the Turkish field army several weeks ago. His successor is General Liman von Sanders. Falkenhayn is disliked by the Turks who attribute to him personally their defeats in Mesopotamia and Palestine. His military career is supposed to be finished for good. It has been going down since the days of Verdun. In spite of the friction between Hindenburg and Falkenhayn, preceding his dismissal as chief of the German general staff, Falkenhayn got an important command in the Rumanian campaign, but the whole popular glory fell to Mackensen.

\$3,000,000,000 Mark is Passed Hopes for Five

(By United Press)

Washington, May 4.—With the three billion mark crossed America's third Liberty loan is sweeping toward the four billion mark on the closing day with hopes entertained for five billion before closing the campaign at midnight tonight. Between 15,000,000 and 18,000,000 people made individual subscriptions. The authorities have branded the reports that the closing time would be extended as enemy propaganda.

PLANS UNDER WAY, "PARADE DAY" OF NATION RED CROSS SATURDAY, MAY 18

Outside Branches and Auxiliaries of Red Cross to be Represented in the Parade

BRAINERD CITY BAND TO PLAY

G. A. R. Post, Woman's Relief Corps, Red Cross Officers, Etc., Lodges, Labor Organizations

Plans are well under way for the biggest and most elaborate parade and public demonstration ever held in the city of Brainerd, on May 18th, designated by the American Red Cross as "Parade Day" all over the country and preliminary to the Big War Fund Campaign, which opens on the 20th of May and will have as its object the raising of \$100,000,000 for relief work in the war zone of Europe.

Human Flag A human flag, represented by at least 100 school children and young ladies in Red Cross uniform, will be one of the striking features of this parade. The Brainerd City Band, in full uniform, will be available and it is expected to have at least 1500 people in the line of march.

Outside Branches and Auxiliaries of the Red Cross will be represented in this parade and chairman Paul G. Clarkson, who is in exclusive charge of this feature, is already receiving notices indicating that a number from outside will participate in the big event.

In the P. M. The hour of the parade and the line of march as well as the positions of the different organizations are to be announced later, but it is probable that the parade will be held Saturday afternoon, May 18 at about 3 o'clock in order that all labor organizations may participate and that the men who toll and others may witness this grand spectacle, as they are participating, most loyally, in the campaigns of this community as its part in the war.

Lead by Band

The Brainerd City band will lead the parade followed by the following organizations: G. A. R. post carrying "Old Glory," Women's Relief Corps, Mayor of city and city officials, Red Cross officers and committee chairmen, Surgical dressings contingent of the local Chapter, Junior Red Cross and officials, the executive committee of the Third Liberty Loan campaign, Red Cross war fund campaign committee, Mothers of sons and wives of husbands in the service, the Boys Scouts, the Fire Department, Police department and other city departments, officers of chamber of commerce, lodges, and secret organizations and labor organizations, and all who desire to be represented in this monster demonstration of patriotism and loyalty to the flag.

Conference Held

Chairman Clarkson is going about this feature of the campaign with the same spirit and careful attention that marked his conduct of the Red Cross Xmas drive campaign and other services he has rendered in the war activities of this community. A conference was held last evening between the county chairman, D. D. Schrader, Mr. Clarkson and the secretary at which time every detail was gone over and Mr. Schrader expressed himself freely as believing that this will be one of the strong features of the war fund campaign and will act as an inspiration to the public to do their bit loyally and willingly in raising the \$15,000 expected from Crow Wing county.

Parade on Range

Crosby and Ironton Branch is planning a big parade for the range towns on the same day and it is probable that in other cities in the county, similar demonstration will be held where branches and auxiliaries are not to be represented in the big parade at the county seat town. All is interest and enthusiasm over this coming demonstration. Every organization in the city is urged to make their plans at once to be represented.

eous wanted.

ARE YOUR KIDNEYS WELL

Many Brainerd People Know the Im-
portance of Healthy Kidneys
The kidneys filter the blood.

They work night and day.
Well kidneys remove impurities.
Weak kidneys allow impurities to
multiply.

No kidney ill should be neglected.
There is possible danger in delay.

If you have backache or urinary
troubles,

If you are nervous or dizzy or worn
out,

Begin treating your kidneys at
once:

Use a proven kidney remedy.
None endorsed like Doan's Kidney
Pills.

Recommended by thousands.
Proved by Brainerd testimony.

Mrs. J. G. Hadersbeck, 708 Sev-
enth St. So., Brainerd, says: "I was
suffering from kidney trouble and
my back was in a painful condition.
For a week at a time I could hardly
get about to do my work and every-
thing seemed a drag to me. My head
ached. I knew my kidneys were dis-
ordered and began using Doan's Kid-
ney Pills. I soon got relief and felt
better in every way."

Price 60c, at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same that
Mrs. Hadersbeck had. Foster-Mil-

POLITICAL GOSSIP
IN CAPITAL CITY

TALK ABOUT THE NEXT PRESI-
DENTIAL CAMPAIGN AND
ITS CANDIDATES.

ROOSEVELT BOOM IS STARTED

General Opinion Is That Democrats
Will Nominate Wilson or McAdoo—
Small-Town Districts Doing Best
on the Liberty Loan.

By ARTHUR W. DUNN.

Washington.—Although an effort is
being made not only to subordinate
politics during the war, but also to
submerge politics, there is evidence
that political feeling will exist just as
it has on other occasions, even when
the United States was engaged in war.
Speaker Champ Clark will discourse
learnedly and entertainingly upon the
politics of the war of 1812, of the
Mexican war, while there are many
men still living who can tell about the
politics of the Civil war. There was
not much opportunity to mix politics
in the Spanish war, but those who
recollect now that the "gunpowder"
men were the most popular before the
people in the full election. And there
are many who believe that the Re-
publicans saved the house on their war
record, even if they only had 13 ma-
jority.

The kind of politics that comes to
the surface these days relates largely
to the coming congressional elections
and it is apparently the intention of
both parties to try to elect as many
senators and as many representatives
as they can. Then there is some little
discussion of politics of the next pre-
sidential campaign. Just at present
the men who drift into Washington
and are inclined to talk about Repub-
lican politics are saying a great deal
about Theodore Roosevelt, and it is
evident that a "comeback club" is now
being organized for the man who was
president seven and a half years.

On the Democratic side there is
presidential talk of both Woodrow
Wilson and William G. McAdoo. "If
it isn't one, it'll be the other," is the
general opinion of those who discuss
this phase of what may happen in
1920. It was Senator Fall of New
Mexico who publicly suggested the re-
election of President Wilson. In a
speech in the senate he said that if
the president successfully carried on
this great war the people would re-
elect him.

The senate does not reform despite
the seedlings of the newspapers, the
magazines and of senators long in
service. Recently the senate had
pending three very important meas-
ures at the same time. That is, all
would be considered a part of the time
each day. Senator Gallinger of New
Hampshire, the dean of the senate, re-
marked that it was a very unbusiness-
like way of transacting public busi-
ness, and suggested that the senate
ought to take up a bill and consider
it until it was disposed of one way or
another. Quite a number of senators
agreed with him, and the next day the
senate continued its usual process of
considering one bill for a while and
then taking up another, and so on to a
third without finishing any of them.

Telegrams that were read in house
and senate during the first few days
of the third Liberty Loan campaign
showed that the rural and "small-
town" districts were more than hold-
ing up their end. The officials at Bo-
zulusa, La., a town of 16,000 popula-
tion, started taking subscriptions at 8
o'clock on the morning of April 6, and
three minutes later the town had sub-
scribed its full quota, \$80,000. Trion,
Ga., little more than a village, doubled
its full quota the first day of the cam-

**Do Something
Better Than the
Other Fellow---
and ADVERTISE**

Advertising cannot accomplish the impossible
any more than barren ground can yield rich crop.

But how advertising does make things hum
when the product and proposition are right, the
men and methods above board, when there's an
honest purpose and earnest effort from bundle
boy to general manager to serve efficiency, to
deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue
your organization with the spirit of true service,
make your business worthy of the good will,
the confidence, the patronage of the people.

In this fertile field then sow the seed of ad-
vertising and it will bring forth abundant crops
in increased business and augmented prestige.

Your store news in the Dispatch will be read
in practically every home in Brainerd and vicin-
ity every evening.

**Knowing
Where Your
Money Goes**

On the stubs of your check book which this bank fur-
nishes you, or will be glad to furnish you if it is not doing so,
is written your financial history. These check stubs tell the
story of your receipts and expenditures.

Spending from the pocket is like scattering money to the four
winds; you know not whither it has gone, or what it went for.

But if you have the stubs of your check book to consult, your
position is fortified when claims for a second payment are made.

And if you would like to review your financial history of
months or years past, and determine where you could curtail a
little, your stubs and your canceled checks spread the story of
your expenditures before you in clean-cut characters.

And if it is your desire to create a surplus from your income,
you can watch where it goes, stop many a leak, and insure your
progress, by writing us you go along your financial history in a
check book which this bank will furnish you.

LADIES MONTH AT YEOMEN

Homestead 602 Bought \$300 Liberty Bonds and Took Life Membership in Red Cross

For several years it has been the adopted custom for the ladies to have charge of the homesteads and ceremonies of the Yeomen during the month of May.

May 1st was the first meeting and was quite well attended by Homestead 602, B. A. Y.

At this meeting some business of importance was transacted, viz: the subscribing for \$300 in Third Liberty Loan Bonds, and the donation of \$50 to the Red Cross, for a life membership.

As part of the usual order of business there was the balloting upon forty-two new applicants, and the adoption of a small class of about ten members.

At the next meeting to be held on May 5th, a large class will be adopted, and all the work will be done by the ladies, who have been training their new degree team.

Between 75 and 100 new applications have been written since the first of April, and Homestead 602 is in the field against the rest of the homesteads for the banner and to retain it for an additional term of three months.

Homestead 602 has a mighty lot of good working people in its ranks and will make a growth during the present year that will place it far in the lead of any homestead in membership outside of the large cities.

This homestead has bought \$650 in bonds and holds a life membership in the National Red Cross, which is a record that any fraternal society might well be proud of.

At this time there are five commissioned local deputies working for this homestead, and they are doing good work.

Australia's Rainfall.

A committee of the British Association for the Advancement of Science has recently collected samples of rainfall during a period of one year, at 10 stations scattered over the continent of Australia, and examined them quantitatively to determine their content of nitric and nitrous nitrogen. About 1,600 samples were examined and the results were compared with the records of the weather conditions under which the rainfall occurred. The general conclusion is that, for a given type of weather, the concentration of oxidized nitrogen in the rainfall varies inversely as the amount of rainfall, and that the total amount of oxidized nitrogen in the rainfall accompanying a storm depends upon the type of weather and is practically independent of the amount of rainfall, and that the total amount of oxidized nitrogen in the rainfall accompanying a storm depends upon the type of weather and is practically independent of the amount of rainfall. The highest total amounts of oxidized nitrogen were found at southern and inland stations in rain water resulting from monsoon storms following a heat wave.—Scientific American.

WHERE TO WORSHIP

St. Paul's Episcopal
Regular services at 10:30 a. m. Sunday school at 11:30 o'clock. There will be no evening service.

+++
Swedish Lutheran
Services at the Swedish Lutheran church will be held as usual, 10:30 in the morning. Evening services at 8 o'clock. Sunday school at noon.

+++
Barrows Methodist Church
Sunday afternoon at 3 o'clock at the Methodist church in Barrows, the pastor, Rev. F. W. Hill, will conduct a preaching service the sermon theme being: "The New Jerusalem." Everyone in this community is urged to be present.

+++
Bethlehem Norwegian Lutheran
Norwegian services in the morning. English song service in the evening. The program includes a vocal duet by Mrs. George Berggreen and Miss Mabel Johnson; music by the Long Lake band; song by the choir; music by the Southeast Brainerd string band.

+++
Swedish Baptist Church
(The church of the Glad Hand)
Morning worship 10:30. David Ostlund, superintendent of Scandinavian Department of Minnesota Anti-Saloon League will speak.

Sunday school at 11 o'clock. English service in the evening at 8 o'clock. The pastor will preach on the subject: "God's Thoughts." P. Alfred Peterson, pastor.

+++
Peoples Congregational Church
Prescott street and Fourth avenue. William Lloyd Crist, pastor.

Sabbath school at 10 a. m. Lesson, "Jesus Sets New Standards of Living." Mark 10:13-27. Classes for all ages and good teachers. Morning service 11 o'clock, subject, "Personal Consecration."

Evening service 8 o'clock, subject, "Conversion." All who do not worship elsewhere are invited to meet with us.

+++
First Baptist Church

Morning service at 11 a. m. The pastor will speak on the subject, "Remember Jesus Christ." Special music by the choir. The communion service will be held at the close of the morning sermon. All members should be present. Evening service at 8 p. m. The sermon subject will be, "Peter's Fall and Recovery."

Sunday school at 9:45 a. m. B. Y. P. U. at 7 p. m. Prayer meeting Thursday at 8 p. m. A very cordial welcome awaits you at this friendly church. R. E. Cody pastor.

+++
First Congregational Church

The services in the First Congregational church this Sunday will be as follows:

Morning worship at 10:30. Sermon, "Names and Their Significance." Special music by the choir.

Bible school 11:45. Christian Endeavor 6:45, the minister will address the young people. Evening service 7:30. Sermon, "Christ-man or Super-man." Music by the Vested choir.

We cordially invite you to worship with us. Rev. G. P. Sheridan, minister.

+++
Presbyterian Church

Morning service at 10:30 o'clock. The theme of the sermon will be, "God's Program." The quartet will sing. Evening service at 7:45 o'clock. The sermon subject will be, "The Millennium." There will be special music.

The Sunday school meets at noon. The primary and junior departments at 9:45. The Christian Endeavor at 6:45. In the afternoon at 3 the pastor will preach at South Long Lake. Mid week Bible service Thursday evenings at 8 o'clock.

A cordial invitation is extended to these services. W. J. Lowrie, pastor.

+++
Swedish Bethany Church

Morning service at 11 a. m. with a Swedish sermon by Rev. Theodore Clemens on the subject "Reward in Heaven." This will be a memorial service in memory of the late Rev. C. W. Boquist, former pastor of the church. Many of his favorite songs will be sung by the choir and congregation.

Evening service at 7:30. Rev. David Ostlund, superintendent of the Scandinavian Department of the Minnesota Anti-Saloon League will speak.

Sunday school at 10 a. m. with classes for all ages and both Swedish and English.

Young Peoples meeting at 6:45 p. m. The subject is "How to Obtain

This "Blue Devil" Not Sorry He Came Here

MISS RUTH SCHULTZ EDUARD DELEU

Edouard Deleu, one of the fifty "Blue Devils" sent by France to show the American people why they should subscribe for the Liberty Loan is not sorry he came to the United States. This photograph was taken at the

headquarters of the Liberty Loan campaign in New York City, and Miss Ruth Schultz, one of the workers there found it impossible to restrain her admiration for him. She borrowed his steel helmet for the picture.

Power with God and Man," I Sam. 16: 7, Matt. 6:6. Miss Ina Anderson is the leader.

A cordial invitation is extended to all to worship with us.

+++
Methodist Church Notes

Morning worship at 10:30 a. m. A short sermon will be preached by the pastor, Rev. F. W. Hill on the theme: "The Banquet of Divine Love." This will be followed by the administration of the Communion service.

Bible school at 12 o'clock. Epworth League at 7:15 o'clock.

In the evening beginning with the first Sunday in May, according to custom, the hour for the evening service will be fifteen minutes earlier, beginning at 8 o'clock instead of 7:45.

The world has been tremendously interested in the capture of Jerusalem by the Allies, and wondering at the religious significance of this event. The pastor will take as the sermon subject Sunday evening: "The Modern Deliverance of Jerusalem."

You are cordially invited to worship with us.

Why Women Should Marry.

A woman writer, herself married and twenty-three years of age, states that a woman who expects to follow an intellectual life should marry young. This is a sound view, for the woman who fully appraises the value of her intellectual life realizes that the best years of the mind are those that come after the age of most efficient child bearing.

It is a very different view from that of the young women in professions which serve only to bridge the few brief years between school days and marriage, and for whom marriage closes for all time participation in the world's work outside of the house.

Clearly we can never have an intellectual emancipation in the world's work on a program that would confine professional life to the remnant days or make it incompatible with marriage. The first gives too brief a period and must subordinate woman to inferior clerical labor, while the second would win intellectualty at the sacrifice of normal life and confine participation in the world's affairs to a small and abnormal group of women.—Physical Culture.

How to Rebuild French Town.

An American city, the population of which will be more than 100,000, is in process of construction in France. This city is not a cantonment in any sense of the word, but a regular American city, the great majority of the inhabitants of which will be civilians.

The great arsenal which the ordnance department of the army is building in France is responsible for the creation of this American town in the heart of France. The arsenal proper will comprise forty-eight buildings, each larger than an average New York city block, while one of the great ordnance plants will alone be larger than all the arsenals in the United States put together. The city will have its own police, fire and health departments, while thousands of small dwellings will be erected to house the workers.—Argonaut.

CALLS 233,742 MEN

Largest Draft Summons So Far Takes Effect May 25.

Instructions to Have 4,700 Minnesotans Ready Are Received By Adjutant General Rhinow.

St. Paul, May 4.—Adjutant General Rhinow has received a new draft call for 4,700 additional Minnesotans to entrain for Camp Lewis, Tacoma, Wash., during the five-day period beginning May 25.

For the United States the call is for 233,742 men, the largest thus far, and as the call is on the general induction schedule the drafted men will be sent to the regular concentration camps for training.

With the special calls already out for the month of May approximately 305,000 men will be called.

This call is in line with the announced determination to speed up the calling of drafted men to the colors and follows the request that each state make a survey of the number of men in class 1 available for immediate induction.

All states except California, Oregon, and Nevada are included in the call. These states, with the District of Columbia have already supplied so large a part of their quotas that the War department decided it was not necessary to include them this time.

Unable to Bear Disgrace.

Los Angeles, May 4.—Mrs. Claude Bedlow, whose husband of a month is under arrest as a spy suspect, took her life by inhaling gas. She left a note stating that she could not bear such disgrace. Mrs. Bedlow's first husband was an American army officer.

REMINDS SOLDIERS OF HOME

Small Goddess of Liberty in Paris Attracts Americans to Bridge Where She Stands.

There is a little old bridge in Paris, in an out-of-the-way part of the city, that is being trod by many Yankee feet these days.

The Eiffel tower is about three-fourths of a mile away, and the distance between the tower and the little bridge is about as unattractive as you could find in Paris. Nor does the bridge—called the pont de Grenelle—lead you across the Seine to any sightseeing place.

But that bridge supports in its center a statue of the Goddess of Liberty, the same glorious lady who holds aloft her torch of righteousness in New York harbor. A great many Americans have leaned on this bridge that the Goddess of Liberty was a gift from France to America. The description on the pedestal records this fact, and there follows in French an excerpt from the letter of acceptance of Vice President Morton.

The figure is only about 15 feet tall, but the disparity in size as compared with the original permitted one imaginative Yankee to close his eyes half shut today and declare that the effect was of stepping into New York harbor with the gigantic goddess looming up in the distance. And while he was looking up, enjoying this odd effect, several large gulps could be distinguished as they passed down his throat.

MELTING POT FAILS TO MELT

Trouble Is, According to Writer, That the Stoking of the Fires Is Neglected.

This melting pot of ours has been asked to melt up more different kinds of stuff than the department of mineralogy ever heard of. It's got more things in it than a New England boiled dinner, or a rummage sale, Porter Emerson Browne writes in McClure's. And to have gotten all these ingredients properly melted would have meant that every second man was a stoker and every first a coal miner.

But instead of that, every second man has been a motorcar manufacturer and every first an open market.

And the result has been that so far from melting these different ingredients, we haven't done anything with them at all. They have just been dumped in and lain there, here a pile of Armenians, there a bunch of Germans, over yonder a pile of Jews, and beyond that a chunk of Chinese. And New York, which has been our biggest receiving station, has come to take on the appearance of one of those dishes of hors d'oeuvres that you strike in Italian restaurants—sardines in one compartment, olives in another, sausage in a third, anchovies in a fourth, and so on, all separate, distinctive and individual.

And as the United States comprises 48 states, so does each of our states comprise 48 or more cities, and each of our cities 48 different colonies of unmixed and often unmixable nationalities.

How to Teach.

A most important point for the mother to realize is the necessity of sticking to the lessons she needs to teach, every single day, until the right habits are permanently formed in her child.

BEST IN THE LONG RUN

4,178,744

The Log of the Test Car Fleets

"Linear Miles, 1,044,686. Tire Miles, 4,178,744."

Thus runs the log of the SIX FLEETS as it sums up the leagues on leagues traveled by the Goodrich Test Cars in their nation wide tire-testing cruise of 1917. That grand total marks the mileage high tide of tire making. Read in it the dawn of a new understanding of tire service, the rise of a new tire standard which includes all other standards—The TESTED of—

GOODRICH TESTED TIRES

The cold figures of the log underwrite the lasting strength of Goodrich Tires; for no tire could hide a weakness in that multiplied mileage. Those records and the tires stand surety for Goodrich Tires of 1918.

For 1918 Goodrich Tires—look at their generous, masterful size at any Goodrich dealer—took the bulk of the rough going. They measured up to all the Goodrich Tire qualities, and added new virtues.

BLACK SAFETY TREADS, and SILVERTOWN CORDS, challenged every handicap of road and weather, and defeated them with steadfast dependability and durability.

You make the test your guarantee of pure food and pure gold. Make it your guarantee for tires, and gain economy, comfort, and freedom from tire mishaps. Demand "America's Tested Tires."

JOKE ON DESTROYER CAPTAIN

Spent Hours Searching for Convoy
 Which It Turned Out Never Had
 Been Lost.

Humorous stories as well as tragic tales comes from the seas, even in war time. A British naval officer was relating with great glee to his friends at the club a story about one of his majesty's destroyers which was detailed to escort a transport filled with troops. This transport, it seems, was commanded by a captain who, unlike most of his class, was meek and mild. The night was dark and dirty and naturally no lights were showing. In the storm and darkness the destroyer lost sight of her convoy. Her commander, who was one of the nervous, peppy sort, dashed up and down and around and about but could not pick her up. Of course the naval officer blamed the captain of the convoy for not keeping in touch and said things about the seamanship of the captain that would not read well in print.

Finally after several hours vain search the destroyer's commander thought his best plan would be to run for the nearest port and there see if he could get any news of the missing transport. The destroyer thrashed her way through a heavy sea at a speed of 20 knots. Just as she entered the harbor she picked up a plaintive wail from the convoy: "Need we follow you any longer?"

Art in a Butcher Shop.

When hotels have anniversaries or department stores end half centuries of service flowers are always present in abundance and a butcher uptown had observed this. Yesterday, when he noted by his calendar that the next day would end ten years of faithful service, he decided that flowers were in order. So, fearing that others would not remember the date he ordered. They came and the butcher arranged them as artistically as his art in dangling sausages allowed him. But when customers began to come in later he noticed smiles. At first he took this for commendation and smiled back, but later he walked all the way around the wreaths and inspected them more carefully. And then it was that he decided flowers could never, never become his friends. For resting in a cluster which was supported by the sausages was a banner reading, "Rest in Peace," and the ribbon which upheld the standard of the roses and was propped against the hreewurst, "We will meet you over there." Which brings to mind the immortal inscription by the reporter who interviewed the champion schweitzer cheese devourer of the world.—New York Times.

INFLECT DEFEAT ON RED GUARDS

German and Finnish Troops
 Take 20,000 Prisoners in
 Five-Day Battle.

CLAIMS BIG VICTORY

Berlin War Office Announces Result
 of Engagement—Teutonic Forces
 in Ukraine Advance in Region
 of Donetz River Coal Basin.

Berlin, via London, May 4.—German and Finnish troops have taken 20,000 Red Guard prisoners in the five day battle at Lahli and Tavartehus, the war office announced. The statement says:

"In Southwestern Finland we overwhelmingly defeated the enemy in the five-day battle at Lahli and Tavartehus. We took 20,000 prisoners."

Germans Advance in Ukraine. Basel, Switzerland, May 4.—German troops in Ukraine, with a base on the line between Ekaterinoslav and Khartov, have advanced in the region of the Donetz river coal basin, according to a dispatch received here.

The Donetz river coal region is in the eastern part of the government of Khartov and extends into the government of the Don Cossacks. This report shows that the German advance in southern Russia has extended to a line almost directly north from the eastern shore of the sea of Azov.

Finns Favor Monarchy.

Stockholm, May 4.—The first Hel-singfors newspapers reaching here since the Finnish revolution are filled with discussions as to whether Finland should be a republic or a monarchy. Every bourgeois newspaper, with the exception of the Helsingin Sanomat, strongly favors a monarchy. A courier reaching Helsingfors from the headquarters of General Mannerheim also is quoted as saying the sentiment of the Whit, or government army, is overwhelmingly in favor of a monarchy.

BUY W. S. S.

LANSING DENIES CHARGES

American Aviators Are Not Traveling On Hospital Ships.

Washington, May 4.—German charges that American aviators are crossing to Europe as members of the Red Cross on hospital ships were officially denied by the state department and proof of the allegation was demanded of the German government through Spain.

The fact that the state department took notice of the dispatch sent out by the German wireless was taken in official quarters as an indication of the seriousness with which the department regards the apparent intention of the German government to pave the way for attacking American hospital ships in violation of the Geneva and The Hague conventions.

St. Louis, May 4.—Four days after her husband died in an adjoining room in a hospital, Mrs. Agnes Johnson Cella, widow of Louis A. Cella, reputed to be the largest holder of downtown St. Louis real estate, died. Both had been confined at the hospital, neither aware of the seriousness of the other's illness. Cella's widow had received one-half of his estate, estimated at more \$12,000,000. There were no children. John Cella, 8 years of age, was left \$6,000,000. He is a nephew.

MINNESOTA W-S-S PLEDGE WEEK BEGINS JUNE 6

HE HAS GIVEN YOU EVERYTHING YOU POSSESS

WILL YOU LEND SOME OF IT BACK TO HIM?

WAR STAMPS TO HAVE BIG DRIVE

June 6 Is Opening Day for Min-
 nesota Pledge Week for
 Their Purchase.

"GOING OVER THE TOP"

Director Culver Confident That Loy-
 alty of People Will Bring Oversub-
 scription of State's Quota of
 \$47,000,000.

Director D. S. Culver of the Minne-sota War Savings Committee today set aside the week starting June 6th and ending on June 13th, as Minnesota pledge week for the purchase of war savings stamps. In making the announce-ment, he evinced confidence that the loyalty of people in this state will be manifested by pledging themselves to make purchases during the balance of this year which will result in over-subscribing the state's quota of \$47,000,000.

All county chairmen are now pre-paring for the drive that will soon start. In messages sent from state headquarters in the Metropolitan bank building, Minneapolis, a few days ago, sub-chairmen were asked the probabilities of their respective counties "going over the top" in the coming drive. Practically all replied that they expected to exceed the amounts allotted to their counties.

"During Pledge week all citizens in Minnesota will be asked to pledge the purchase of War Savings Stamps during the balance of 1918 on a minimum basis of \$20 per capita," said Mr. Culver today. "This does not mean that each is to be asked for cash sub-scriptions. Minnesota must raise her \$47,000,000 quota during the year and the present amount, something less than \$4,000,000, does not make a very good showing."

"So optimistic are reports coming in from the various county chairmen that it has convinced as a great majority of counties will not only secure pledges for their required quotas, but will quite likely exceed their allotments."

County chairmen are already adding to the personnel of their cam-paign committees with the expecta-tion of making a hundred per cent showing during the big thrift stamp drive. Several recently have visited headquarters here in an effort to derive new ideas and straighten out minor details so the work during June will go along without a single hitch.

Vice Director J. H. Meyerling, head-ing the sales forces, said the purpose of the campaign is not solely to ask immediate cash purchases. On the contrary, he explained, the pledges to be made during the week from June 6 to 13, are for W. S. S. pur-chases throughout the year. These will probably be on a monthly basis to extend through the coming months in equal portions.

"The purpose of the government in inaugurating its War Savings Stamps sales is to encourage thrift," said Mr. Meyerling. "That means that citizens can save from unnecessary expendi-tures enough money to buy their quota of savings stamps. If all do that the campaign in Minnesota will be a great success."

 Autoists reduce time spent in pleasure driving!
 Some office employees take lunches to work!
 One woman saved \$4 on her new hat and bought a W. S. S.!
 Sell old clothes and shoes and buy W. S. S.!
 Some walk to and from work and spend money on W. S. S.!
 Take less expensive vacation trips to buy W. S. S.!
 Reduce number of visits to movies each week by one to buy W. S. S.!
 Plant a war garden. Use money saved by time so spent and from sale of products to buy W. S. S.!

HINTS FOR W. S. S. CAMPAIGN

Worker Gives Suggestion to Make
 Pledge Week a Success.

Minnesota can exceed her quota of \$47,000,000 in the War Stamp Pledge Week drive beginning Thursday, June 6 by observing the following hints, said a prominent worker:

Adding the W. S. S. campaign is giving help to the Allied cause and to U. S. soldiers;

Buying stamps is nailing a plank in the nation's ultimate victory over the enemy;

Pledging purchases to be made throughout the year means support for those engaged in forever putting down a regime that glories in the murder of women, children and other civilians;

Creating interest on the part of others to buy W. S. S. is helping to build monuments for those heroes who have died and been wounded in fighting for YOUR protection;

He who does not pledge \$20 as a minimum for each person dependent upon him is not helping America to make the world a safe place to live in;

You can lend a helping hand to those who are today fighting YOUR BATTLES in the front line of trenches by buying or pledging to buy your FULL QUOTA OF WAR SAVINGS STAMPS. This applies to every man, woman and child in every township, village, and county in MINNESOTA.

BUY W. S. S.

HAVE FAMILY OF BABY BONDS

Childless Couple Pledge Themselves
 to Buy W. S. S.

Until two weeks ago Mr. and Mrs. (deleted by censor) had been without children during their six years of married life. Now they have two in infants born just a week apart—and it all came about in a unique way.

They had a wedding anniversary on April 25 to which their friends were invited. Before the guests arrived, however, the door bell rang and there, on the front porch when they answered the bell, they found a basket in which was wrapped a wee infant. How delighted they were.

Taking it into the house they removed the coverings and there, sure enough, was their much longed for baby. It was a Baby Bond. Soon the guests arrived and extended hearty congratulations for the baby—the Baby Bond—was their gift to the happy couple.

Mr. and Mrs. (censored) have vowed they are going to have a large family of children for they have pledged themselves to purchase four War Savings Stamps (Baby Bonds) each month during the balance of this year. By so doing, they told their anniversary guests, they are realizing their wishes to raise a good sized family as well as to give Uncle Sam their support in his battle against autocracy.

BUY W. S. S.

War Savings Stamps and Liberty Bonds work well together.

WANTED HIS MONEY'S WORTH

Nobleman Evidently Had Some Idea
 That Great Musician Was Giving
 Him the Worst of It.

Wienlawski had his humorous experiences, this even after he was quite widely known, writes Alexander Bloch in the New York Times. On one occasion he was asked by a wealthy British nobleman to state his terms for playing half an hour at his home. They came to an agreement, and on the evening of the musicale Wienlawski opened the program with Beethoven's "Romance in F."

He was playing his best and deeply engrossed in the music when he suddenly noticed out of the corner of his eye the host nervously looking at his watch. This happened several times before the "Romance" was finished.

At its close, as he was bowing his acknowledgments to rapturous applause, the British peer caught him by the sleeve and whispered in his ear:

"For heaven's sake, man, how much do you expect to get through in half an hour at this rate? Why do you play such slow pieces?"

The Garden of Eden.

The question of the site of Eden has greatly agitated theologians; some placed it near Damascus, others in Armenia, some in the Caucasus, others at Hollah, near Babylon; others in Arabia, and some in Abyssinia. The Hindus refer it to Ceylon, one writer locates it at the North Pole, and a learned Swede asserts that it was in Sudermania. Several authorities concur in placing it in a peninsula formed by the main river of Eden, on the east side of it, below the confluence of the lesser rivers which emptied themselves into it, at about 27 degrees north latitude, now swallowed up by the Persian gulf, an event which may have happened at the universal deluge, 2384 B. C. Many, however, think that the whole story of Eden is a legend and that, accordingly, the man who tries to find its site is like the blind man who looks in a dark room for his black hat that is not there.

Snakes as Pest Destroyers.

Snakes are not our enemies, says Gayne K. Norton in American Forestry. They never attack except in self-defense. Of our 111 species only 17 are poisonous—two species of Elaps, coral snakes, and 15 species of crotaline snakes, the copperhead and moosehead, the dwarf and typical rattlesnakes. On the other hand, the help they render is valuable. The pests destroyed each year, especially rodents that injure crops and carry communicable diseases, roll up a large balance of good service in their favor.

Rodents are destroyers of farm products, cause loss by fire through gnawing matches and insulation from electric wires, and of human life through germ-carrying, particularly the bubonic plague.

PRINTERS' INK

Has done more towards nursing a sick or stagnant business than any known remedy. To get the desired results one should learn the real value of this great commodity and its relative merits when employed in the right way.

Waited Long for Order.

The German soldier does exactly what he is told, and no more.

A German officer was drilling recruits, and had just given them the order: "Quick march!" when he noticed his sweetheart coming across the barracks square.

Forgetting all about the recruits, he entered into conversation with the girl and went away with her.

Six months later the same officer was walking down the main street of the same town when he saw some tattered and tired soldiers approaching him. One of the soldiers, recognizing the officer, went up to him and, saluting, said:

"Please, sir, what about a halt?"

Effect of War on Birth Rate.

In his recent presidential address to the Royal Statistical society Sir Bernard Mallet declared the United Kingdom has lost by the fall in births during the war more than 500,000 potential lives. During the same period he estimates that Germany has lost 2,000,000 and Hungary 1,500,000. The greater decline in the birth rate in the central empires is ascribed to the fact that the poorer classes in those countries have suffered greatly in health and vigor on account of the war, while the corresponding classes in Great Britain have actually enjoyed more favorable conditions than in time of peace.—Scientific American.

Do You Wake Up In The Morning With A Pain In The Back

Many people are suffering from direct kidney and bladder poisoning and do not know what ails them. One of the best symptoms of kidney trouble is a quick pain that lies in the back and is most noticeable in the morning as the bladder is filled at such a time. Golden Seal Blood Purifier flushes the system of all impurities and they pass off through the bladder. Golden Seal Blood Purifier is in liquid form, acts quickly as it goes into the stomach in a thoroughly soluble form and in this way is much better than pills.

Golden Seal Blood Purifier is sold in this city only at Johnson's Pharmacy.—Advt.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back Hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia water drink.

American Books in Russia.

The single American book most widely read in Russia is "Uncle Tom's Cabin." Some of Irving's works were translated for the Muscovite public, and the Russian boys have been thrilled by the doings of Leatherstocking and Uncas. Mark Twain is quite popular beyond the Niemen and the Berezina. All in all, it seems that Russians know more American books than Americans know Russian books.

Ben Franklin's audience was the world, so it does not surprise one to learn from a Russian critic that the first American book translated into Russian was the product of Poor Richard's pen. That was 13 years after he died.

DULUTH MEN ARE ROAD BOOSTERS

E. J. Filiatrault and L. B. Arnold
Appeared before the Aitkin
County Board

HENRY I. COHEN WAS PRESENT

Duluth Offers \$25,000 to Complete
the Bad Spot in the Black
Diamond Trail

Henry I. Cohen of Brainerd, president of the Black Diamond Trail association, L. B. Arnold and E. J. Filiatrault of Duluth met at Aitkin this week with the county commissioners to discuss the condition of the road east of McGregor known as State Road No. 3, which is the bad spot in the trail from Duluth to Fargo, N. D.

The Duluth men promised \$25,000 from Duluth, and it is understood the Aitkin county commissioners are in favor of appropriating \$25,000, and Federal aid to the amount of \$50,000 is to be asked to improve the road.

Peter Larson was elected director for Aitkin county for the association, with the authority to appoint six trustees.

MARCH WEATHER

An Unusually Fine Month in Minnesota, Says the Government
Weather Summary

March was an unusually warm and fine month, says the government weather summary of that month. There was an abundance of sunshine. The mean temperature, 35.6 degrees, was the highest for March in the last 28 years, with the exception of 1910 when it was 41.7 degrees.

The snowfall was considerably below the average, but it afforded protection during the coldest weather. Conditions were unusually favorable for spring work, and seeding progressed rapidly, with the season nearly two weeks ahead of the normal. The condition of winter wheat was excellent, and the acreage materially increased. The outlook is for a considerable increase in the acreage of small grain, but there will be a material decrease in corn because of the lack of good seed.

At Brainerd the warmest day was March 18 when 72 was registered. Fort Ripley recorded 68 on March 29 and Gull Lake 72 on March 18. The coldest day at Brainerd was March 10 with 11 below. Fort Ripley had 29 below on March 13 and Gull Lake station had zero on March 6, all of which goes to show how temperatures can vary at places but a few miles distant.

Brainerd's precipitation in March was 0.47 inch; Fort Ripley 0.26 inch and Gull Lake 0.24 inch. On March 9 Brainerd recorded 0.33 inch and Gull Lake received but 0.05 inch.

WIFE OF MINISTER DEAD

Mrs. Hannah Sorenson, Wife of Rev. A. Sorenson, Passed Away in
St. Paul Hospital

Mrs. Hannah Sorenson, wife of Rev. A. Sorenson, pastor of the Norwegian-Danish Lutheran church, passed away Friday morning at a St. Paul hospital. She had been sick for the last year and no hope was extended by physicians when she was brought to St. Paul for treatment.

Rev. and Mrs. Sorenson have been in Brainerd about two years. She was a devoted Christian and a helpmate to her husband, supporting him in all his activities. She was a friend to all in the congregation.

Mrs. Sorenson was born October 4, 1877 in Canby, where the funeral will take place Monday at 2 o'clock in the afternoon. She leaves to mourn her passing away her husband and four children, Garfield, William, students at high and grade schools, Hannah, and the 14 months baby Margaret. To the sorrowing family is extended the sympathy of the community.

TO REJUVENATE COURT OF HONOR

State Manager J. Max Gear of Minneapolis to Institute a Membership Drive

COURT MEETS THIS EVENING

Initiation of Large Class Planned for
First Meeting in June at Odd
Fellow Hall

Under the direction of J. Max Gear of Minneapolis, State Manager of the Court of Honor, a membership campaign is to be instituted by the local court, Brainerd Court, No. 1033.

It is the intention to secure a large class for initiation at the meeting of Saturday, June 1. Members are giving their support and encouragement to the movement.

The Court of Honor fraternal benefit society is one more than 100 per cent solvent. Back of every policy stands invested funds in county, municipal and state bonds, real estate mortgages, etc. The rates are adequate, the society years ago under the direction of Supreme Chancellor A. L. Hereford standing four-square for proper rates.

—BUY W. S. S.—

FILES FOR RE-ELECTION

Judge W. S. McClenahan, Brainerd's popular judge of the district court, has filed for re-election, as judge of the fifteenth judicial district.

Judge McClenahan has brought fame and honor to the district by his decisions, rarely, if ever being reversed by the supreme court. Cases are decided fairly and impartially.

At one time mentioned for the supreme bench, he refused the proffer, preferring to remain in Brainerd and this district. His decisions are remarkable for their clarity and incisiveness, serving as models of legal literature.

NOW LINK IS ONE OF US

Fred T. Lincoln, secretary of the Chamber of Commerce, of the Red Cross, of the Northern Minnesota Development Association, etc., has bought himself a home, 512 North Seventh street, formerly owned by J. H. Noble.

After some repairs and alterations Mr. and Mrs. Lincoln and the children will occupy it later in the summer.

The grounds measure 100 by 150 feet with plenty of room for a war garden. Mr. Lincoln formerly rented a home on Kingwood street, but with his purchase of a house he becomes in truth a complete citizen of Brainerd and all the home owners, for Brainerd is essentially a city of homes, welcome him in their midst.

DOUGHERTY STOCK COMPANY

Give Second Performance of Engagement at Opera House on Tuesday
Evening, May 7

James Dougherty of the Dougherty circuit stock company is very enthusiastic about his luck in securing actors following his loss of six clever performers who either listened to the call of patriotism or were in the draft.

Some of last year's company are now on the battle fields of France. Two of the present members will be called in the fall. Jule Young, seen in a character part, and also in a Twede dialect specialty, is anxious for the time to come when he can tell his "buddy" funny stories in the trenches.

The company plays "The Slave Girl" Tuesday evening, May 7, at the opera house. Their regular engagement is every Tuesday. Four sets of vaudeville are used in the intermissions. This company is sure to become a favorite with the theatre going public, for the policy of coming one night each week will enable the patrons to know each one personally.

The company is composed of ladies and gentlemen who judge a town or city by the way they are treated socially rather than by the amount of business played to. Prices are popular ones, adults 30c, children 10c.

Honor is the recompense of those who do right without seeking recompense.

TO ORGANIZE JUVENILE BAND

Director Richard H. Rehl to Form Band. Young People Accepted from 10 to 16 Years

WILL TEACH THE YOUNGSTERS

Organized in Minneapolis the Twin City Cadet Band Which Won Great Renown

Richard H. Rehl, director of the Brainerd City band and one of the prominent musicians of the Northwest, will shortly form a juvenile band, teaching them and perfecting them so they will be the equal of the Twin City Cadet band he organized in Minneapolis.

Juveniles from 10 to 16 years of age are desired. The Cadet band attained a great success and was afterward merged into the Working Boys Band of 65 pieces now under the direction of C. C. Heinzman.

There is musical talent in this city said Mr. Rehl, which only needs the stimulus of proper teaching and enthusiasm to flower forth into first class ability. Mr. Rehl's home is in the Model flats or 212, 214 South Broadway where he can also be reached by telephone.

He will be glad to take up his plan with parents and the youth of Brainerd.

HUMAN FLAG IN RED CROSS PARADE

(Continued from page 1)

sented and to advise Chairman Clarkson of the same.

Headquarters

County Chairman Schrader's office is at the chamber of commerce rooms, where he has a stenographer at his disposal and every facility to conduct the big Red Cross war fund drive. Mr. Clarkson's office will also be at the chamber rooms and either may be communicated with there or their representative will be glad to answer any questions and afford any information.

Much Interest Shown
The fact that this is to be a Red Cross parade all over the U. S. and that the people all over town are entering keenly into the plans for the same it is significant.

The call for financial support of the A. R. C. in its grand work on the battlefields of Europe is an imperative one. Men and women are giving freely of their time and neglecting their own personal affairs in order to complete manufactured articles for assistance in caring for the wounded and for the comfort of our soldiers.

—BUY W. S. S.—

Dr. J. A. Thabes was in Walker yesterday on professional business.

E. A. Colquhoun chairman of the speaker's committee, is arranging to send a Red Cross speaker to the big meeting to be held at Merrifield Sunday afternoon.

D. D. Schrader was called out of the city for over Sunday and will return Monday.

Fred F. Lincoln shipped a bushel of "Green Mountain" potatoes to his uncle in Minneapolis to be used as seed on his farm near that city.

Contractors report much building and improvement in resident districts this spring and nearly all are busy.

Miss Margaret Day will assist at the Chamber of Commerce during the Red Cross War Fund campaign.

Rev. Eloy G. Clarkson has returned from a visit to his summer cottage at Park Rapids.

Rev. G. P. Sheridan has been invited to deliver the patriotic address at the N. M. D. A. convention at Walker in June.

R. B. Withington has word from an acquaintance in western North Dakota stating that crop conditions are ideal and prospects were never brighter. There has been plenty of rain all over the Dakotas this spring.

ICE UNDER FOOD CONTROL

No Increase in Ice Prices Allowed Until Company's Action Approved by Government

STATEMENT MUST BE FILED

General Attitude of Food Administration is to Allow a Fair Margin of Profit

City and County Food Administrator Andrew E. Berglund has received this communication from A. D. Wilson, federal food administrator for Minnesota, a copy of a notice addressed to all Minnesota ice companies:

"Very much to my surprise, a telegram has just been received from Washington stating that all ice companies are to operate under the Food Control Act.

"In the wire received it is stated that no increase to household consumers over last year's prices shall be made until such increase shall have been approved by the United States Food Administration.

"In case you are contemplating charging more for ice this year than last, will you at once file with this office a statement showing the prices charged by you for ice last year, both to household consumer and to commercial users?

"Likewise file statement showing the proposed increases over last year and any facts and figures you may have with reference to cost that will justify such increase.

"The general attitude of the Food Administration is to allow fair margins of profit to all dealers coming under its jurisdiction. There is no desire to inconvenience or handicap any dealer.

"We will appreciate your frank cooperation."

FRENCH CAPTURE IMPORTANT HILL

Land Dominating Amiens and Paris Rail Connection In Hands of Poilus.

ALLIES TAKE INITIATIVE

Telling Blow Delivered Against Enemy—Ground Gained of More Value Than Any of Equal Area on Somme Line.

London, May 4.—On the southern battlefield the French have taken the initiative and struck a telling blow southeast of Amiens.

Attacking on a front of more than a mile between Hallies and Castel, General Petain's troops drove the Germans from Hill 82, overlooking the Avre river, and captured the wood to the east and southeast.

Valuable Vantage Point.

This ground is probably more valuable than any other of equal area along the entire Somme line. It was at Hallies that the Germans effected their greatest westward penetration, in their Amiens drive, and at Hill 82 they were within less than three miles of the Paris-Amiens railway. With this new terrain an excellent line of defenses appears to have been taken up by the Allied forces in this region.

The positions of the French at Hangard and those of the British on the Villers-Bretonneux ridge preserve the continuity of the line on commanding ground at virtually all the vital spots north to the Somme.

Hangard wood is a mile north of Hangard-En-Santerre, where American troops are officially reported brigaded with the French.

Warn Public of Failure.

In the Villers-Bretonneux region there has been a further improvement of the Allied positions, the British gaining ground in local fighting last night. The Germans are still holding off on the Flanders battlefield and German newspapers are telling the public that the high command may decide not to take Ypres after all as its position is not important.

The German artillery seems to have turned its attention chiefly to the southern side of the Flanders salient and last night was bombarding the region along the 15-mile line between Givenchy and Nieppe wood. In several thrusts at this front previously the enemy has been unable to make any substantial headway.

STEEL MEN HEED WARNING

Mutually Agree to Devote All Their Facilities to War Work.

New York, May 4.—Practical seizure of the products of steel makers by the government has been headed off by a mutual agreement of the steel men to devote all their facilities to war work, according to a report made public here by Judge Elbert H. Gary.

J. Leonard Replogle, director of supply, appeared before the steel men here a week ago and warned them that the war industries board would take every pound of steel made unless the delay in the war program was remedied.

"This is a crisis," Replogle told the steel men. "Commercialism must be absolutely sidetracked."

BUY W. S. S.

MOVE FOR PEACE PROBABLE

Lord Robert Cecil Says "Knockout Offensive" Has Failed.

London, May 4.—In the personal opinion of Lord Robert Cecil, minister of blockade, the failure of Germany's "knockout offensive" on the western front will result in a big peace offensive, directed mainly against Great Britain and possibly made in an attractive form, but which will not afford any terms the Allies can look at.

In this opinion, made in a statement, Lord Robert expressed the further belief that the new peace offensive would be largely for German consumption, because, "the rulers of Germany know if they have to rely on their own resources they cannot hold out much longer."

I. W. W. TRIAL TO BE LENGTHY

Expected That It Will Take Four to Eight Months.

Chicago, May 4.—Predictions of the prosecution that the I. W. W. sedition trial here would continue at least three months were borne out by the swearing of first witnesses. The defense expect a trial lasting from four to eight months.

BUY W. S. S.

Foresees Failure of Russ Peace.

London, May 4.—There is grave uneasiness in Germany over the news from the East, where apparently the Germans shortly will be confronted with overwhelming difficulties, that will shatter the whole fabric of the Brest-Litovsk peace, says an Amsterdam dispatch to the Daily Express. From Finland to the Ukraine there is ever increasing opposition to German oppression. Vienna reports, it is added, say most Ukrainian crops were ruined by peasants who would rather starve than feed Germans.

TO BREAK APRIL RECORD

May Movement of Troops Across to Reach New High Mark.

America Has Already Exceeded Original Promise of Men By Considerable Number of Thousands.

Washington, May 4.—It is stated officially that the May movement of American troops to fill the gaps abroad will exceed the April record.

While the voluntary censorship prevents any extensive dealing in figures, it may be said that the April mark exceeded original promises by a considerable number of thousands.

The facts, following close upon Secretary of War Baker's revelations of official plans for army expansion, came with other information which means American troops in Europe should be well along toward the 2,000,000 mark before the year ends, if present schedules are maintained or extended.

Added British Tonnage Available.

Added British tonnage for troop transport is already in the service.

Brigading of Americans with British and French forces makes it possible to carry virtually five times as many soldiers as would be the case were the American divisional organization kept intact and sent across with the necessary supplies.

In connection with the facts given out officially, some interesting inside data on the reserve question as it affects the Western front was made available.

S. O. S. Call No Discredit.

Britain has had to use many of her reserves in France merely to check the Boche, it was said. For that reason she had to send an S. O. S. for French aid, as the nearest available, while she hurried across the channel the reserves held in England and asked the United States to hasten our forces. Britain has suffered considerable losses, but she has done her share with the forces at her command, and her call for French aid was nothing to her discredit.

Senate Raises Wheat Price.

Washington, May 4.—The senate has again formally recorded itself in favor of increasing the government minimum guaranteed price of wheat from \$2 to \$2.50 a bushel despite rejection of the proposal by the house. It insisted on the wheat clause in the agricultural appropriation bill, returning the measure to conference, but it generally expected the proposal would die there. Advocates of the price increase admit there virtually is no possibility that the house conference will yield.

LENROOT ON NO GOOD COMMITTEES

OLDER REPUBLICAN SENATORS DO NOT YIELD IMPORTANT PLACES TO NEWCOMER.

LOOKS LIKE SELFISHNESS

Senator Gerry of Rhode Island Seemingly Expects Naval Battle Near American Shores—Good Liberty Loan Work in a Theater.

By ARTHUR J. DUNNE.

Washington.—Senatorial courtesy has a limit; it cannot cross the line of senatorial selfishness. Probably the Republican senators were more reposed over the election of Senator Lenroot in Wisconsin than over almost any other political event that has happened in a long time, and yet when Lenroot took his seat he was placed on five or six committees of little or no importance, committees which rarely meet and seldom have important bills to consider. There were a score of Republican senators handed places on two or more of the first-class committees. The committee service of the older senators on this account is so doubled up and complicated that they do not find it possible to give attention to the actual business of their committees, although there are many of their colleagues with little or nothing to do in the line of committee work.

Quite a number of Republican senators have announced their determination to retire at the end of their present terms. Even they were not willing to resign from good committee places in order to give Lenroot better assignments. Senator Gerry of Rhode Island, in a brief speech the other day, advocated care of the various navy yards and naval stations along the Atlantic coast. He expressed the belief that the present war will develop into a sea battle which would be fought in the Atlantic near enough to American shores to necessitate ship repairing in home ports. The general belief is that if a sea battle is fought at all, it will be found in European waters.

If the money comes rolling in to fill the coffers of the third Liberty loan in proportion to the amount of energy and ingenuity that is put forth, the \$3,000,000,000 mark ought to be doubled or trebled. At a certain Washington theater, for instance, there is no internal-sion any more. Between the acts a small slip of paper is handed to each person in the audience. This slip is a promise to buy Liberty bonds, to whatever amount desired, with a space for name and address and bank through which the transaction should be made. The slips are then taken to the stage by ushers. While Frederick J. Haskin, a well-known newspaper correspondent, calls off the names and amounts, the theater manager adds up the sums on an adding machine. In ten days that adding machine checked up \$1,000,000 worth of promises to buy.

Greater anxiety over the situation in Europe exists in official Washington than was shown in the dispatches. This is probably due to the fact that hope for the best is a much stronger element in human nature than is fear for the worst. It means that people are more optimistic than pessimistic. The same feeling prevails in all kinds of strife. People are prone to believe that is going to happen which they most desire.

Everybody in Washington was keyed up to the highest pitch during the long struggle and while there was grave apprehension at all times the expressions of officials always carried a little more hope than conditions actually warranted. Of course both the administration and congress felt that anything like a serious defeat, such as the breaking through of the Germans and the capturing of Paris or Calais, would be a disaster which it would take many years for the United States to repair. There never was an expressed opinion that defeat of the British or French in France would end the war, as there is an absolute determination among those who control the destinies of this country that the war will not be over until the Huns are defeated.

Romantic Story.
When the Italian forces made their superb attack upon the Austrian positions and triumphantly captured Monte Santo last August, a picturesque scene was enacted that contributes a romantic story to the history of the national emblem. Three columns operating from different points, combined in carrying out the remarkable assault. Before the actual advance was begun, an Italian flag—which consists of three broad vertical stripes of green, white and red—was cut into three pieces and one of the colors given to the leader of each column. When the forces, after a bitter, terrible struggle, met at the summit of the mountain from which they had routed the enemy, the three parts of the tricolor were sewed together and the standard unfurled above the ruins of an Austrian church. This announced the Italian victory to troops occupying Monte Sabotino and surrounding heights. When the restored flag was sighted, the cheering of the soldiers echoed for miles through the mountains.—Popular Mechanics Magazine.

MT. HERMON HOLY GROUND

Many Nations Have Built Their Temples on the Elevation of Which David Sang.

Mount Hermon, sacred mountain of Syria, rises, a silent sentinel, above the fruitful fields and vineyards of Lebanon and Damascus. Cut off from its range of the Antilibanus by the deep valley of Barada it has kept its lonely vigil through the ages. The Hebrews called it Hermit. According to legend the wicked angels in their fall from Paradise landed on Hermon and gave it its name.

Like a gray-haired giant the old mountain holds its white-crowned head above the clouds. At sunset these clouds turn to rose and gold, the mountain top flaming like a torch against the sky. As the sunlight fades the evening mists wrap old Hermon's head in veils of gray and white. "The white-haired old man of the mountain has donned his nightcap for the night," the people of the surrounding plains tell you.

The mountain's foot is covered with the green of oaks, poplars and dense brush with an occasional luxuriant vineyard. The wines of Damascus are famous throughout the Orient. The mountain springs keep the valleys well supplied with water. Higher up are the ruins of former temples, built centuries ago, their entrances facing the rising sun. In the old days the pious folks of the valley climbed the mountain side to worship on their holy ground. The temples are of various nations, including Greek, Roman and Hebrew.

David sang of Hermon and the cooling breath of the winds blowing from its summits. As the giver of all good things, of wine and cool water, of timber and olives and breezes in summer days, of tales of wonder and angels for the winter nights, the people of old looked to Hermon as a storehouse of treasure set up by a beneficent Deity.

MEATLESS DAYS PROBABLY

Short Marketing Makes Further Economy Imperative.

Minneapolis, May 3.—"Meatless days" must be resumed unless the people of the United States cut down the consumption of meat immediately. Herbert C. Hoover, national food administrator, notified A. D. Wilson, federal food administrator for Minnesota. Further economy in the use of meat is made imperative by the present short marketing season, Mr. Hoover stated.

Mr. Hoover states that there is now a seasonal abundance of milk products, which can be substituted in many forms. He also says that the shortage of fish during the last few months, due to the necessity of naval requisitioning of trawlers and the enlistment of fishermen for the navy, should be greatly relieved by the expansion of other forms of fishing.

Ford May Run for Senator.

Lansing, Mich., May 4.—A report that Henry Ford is about to announce that he will be a candidate for the republican nomination for United States senator has been received here. Not only that, but the capital also heard that the senatorship plans of the automobile maker are to be but a stepping stone. He plans, it is said, to serve in the senate less than a year and then become the candidate of the republican nomination for the presidency of the United States.

ON GUARD

At this time of the year people feel weak, tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy and they want to know how to renew their energy and stamina, overcome headaches and backaches, have clear eyes, a smooth, ruddy skin, and feel the exhilaration of real good health tingling thru their body. Good, pure, rich, red blood is the best insurance against ills of all kinds. Almost all diseases come from impure and impoverished blood. It is to be noticed in the pale or plumply face, the tired, haggard appearance or the listless manner.

Drink hot water a half hour before meals, and for a vegetable tonic there is nothing better than Dr. Pierce's Golden Medical Discovery, the old-fashioned herbal remedy, which has had such a fine reputation for fifty years. It contains no alcohol or narcotics. It is made from Golden Seal root, Blood-root, Oregon grape root, Queen's root, Black Cherry bark, extracted with glycerine and made into tablets and liquid. Tablets sixty cents, at most drug stores.

In order to insure pure blood and to build up the system try this tonic known as Dr. Pierce's Golden Medical Discovery. Get it now!

MOTOR BUS SERVICE to RANGE

Cuyuna Transportation Co. offers quick service between Brainerd, Crosby, Ironton and Riverton, three round trips daily.

Leave Brainerd 9 A. M., 4 P. M. and 12:30 A. M., the latter connecting with night train from St. Paul.

Leave Crosby 7 A. M., 2 P. M. and 6:30 P. M.

Single trip fare 75c. Stand at Brainerd, near D. M. Clark & Co. Store.

Filipino Legend.

A Philippine legend tells of the origin of head hunting. In warfare the Igorot always brings home the heads of his victims. One day the Moon, a woman, was beating out brass. The young child of the Sun stood near by, watching. His scrutiny angered the Moon, and she threw a stick at him, causing deception. The Sun then appeared and put his child's head back on his trunk, declaring that because of the Moon's wanton act mortals would henceforth cut off each other's heads when in wrath.
